COVID-19 AFTER-SCHOOL POLICIES

2020 –2021 School year
BELL FAMILY YMCA

Due to the current situation with COVID-19 there are a few important policy updates for our staff, participants, and facility. Staff will be required to wear face mask. Participants will be required to wear a mask on the bus, entering the building, and when walking in the hallways. You will need to send a mask with your child to school so, they will have access to it before entering the bus. Hand washing and sanitizing will be done frequently, before getting on the bus, upon check in, before and after activities, and before snack. Participants will also be advised to maintain an arms length distance from other Participants. Participants are not allowed to use the water fountains, therefore, they should bring their own water bottle labeled with their name for outside time.

Pick up will be completed in a car line style at the Pryme Tyme pick up area. This means that parents will remain in their car and a staff member will come to the car to sign participants out.

Temperature checks will be done before each child gets on the bus. If a Participants has a temperature of 100.4 they will not be allowed on the bus. They will remain at school and parents will be notified for pick up. If a Participant develops a fever at anytime they will be isolated until their parent or guardian can pick them up. For readmittance campers or staff must have a Doctor's note with clean bill of health, negative COVID test, or NO symptoms for 10 days.
